

User Manual: Creating Points of Interest (Markers)

Introduction

This manual will guide you through the process of creating a point of interest in our system. Follow the steps below to efficiently set up your point of interest or marker.

Steps to Create a Point of Interest (Markers)

1. Access the Points of Interest or Markers Section

- Log in to your account.
- Navigate to the Points of Interest or Markers section in the main menu.

2. Create a New Point of Interest or Marker

- Click on the button "**Create Point of Interest or Marker.**"

3. Select Attributes

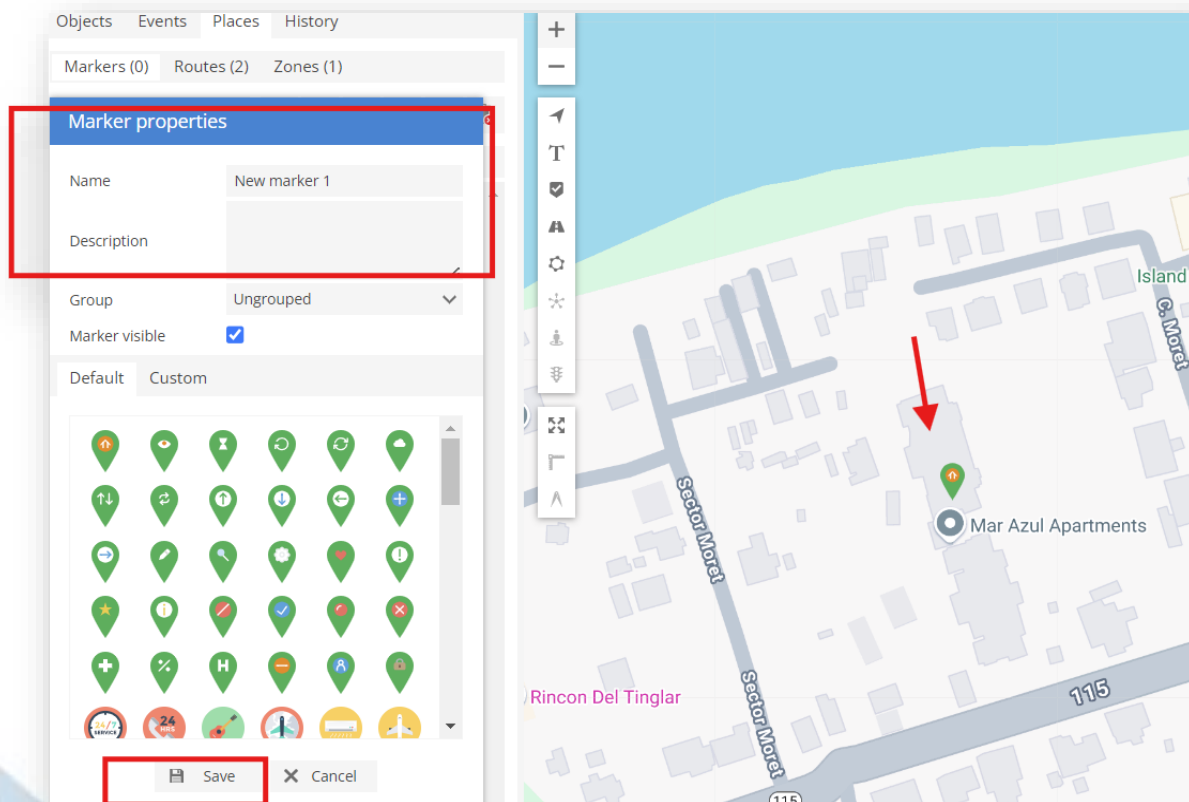

- Customize your point of interest by choosing the following attributes:
 - **Name:** Assign a name to the point of interest or marker.
 - **Description:** Provide a description to make it more specific regarding the area.
 - **Icon:** Select the icon that will represent the point of interest or marker on the map.
 - **Assignment to group/unit:** Choose whether the point of interest or marker will be linked to a specific group or unit.

4. Save Point of Interest

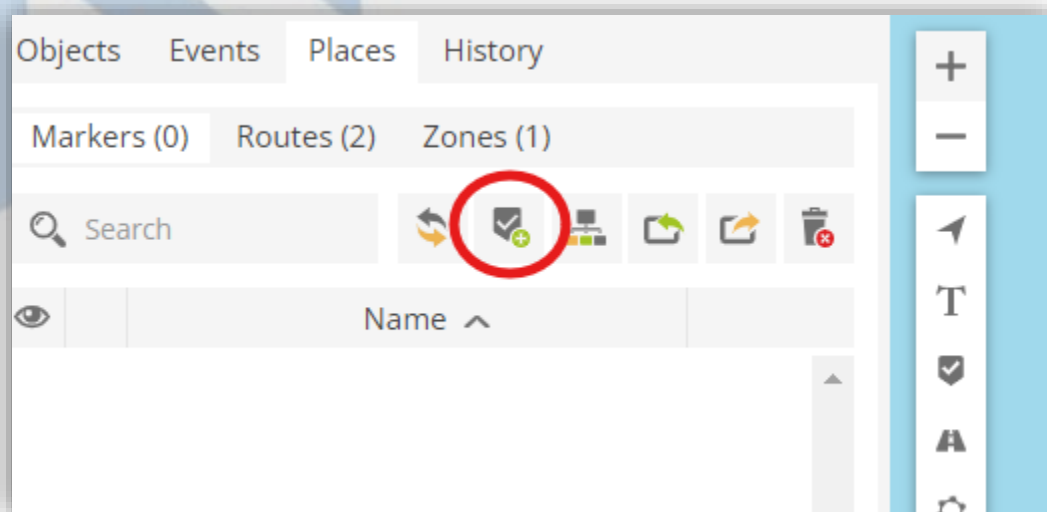

- Once you have completed the marker and selected the attributes, press the "**Save**" button to finalize the creation.
